General and Revenue Secretariat | File No 12 of 194 5-46 [App F III-2

Serial No

Letter no 796 dated 26.7.45 from the Engineer officer C.I.T. Bd. B'lore recommending that plot no. 8 in the Wilson Garden extension is well suited for ~~locating~~ constructing Primary School building instead of plot no 6 at the place

Noted

He states that plot-no 8 is situated centrally around the dwellings & is spacious to provide playgrounds for children there will be space for future extension of the building whereas plot-no 6 is near burial grounds & will be quite near the busy road on the other side which will be noisy on account of transport Vehicles in the plot proposed to be granted from to the Bangalore Transport Co. & also that plot is not spacious etc

2. As the reply concerns the ~~school~~ school building the D P I will be consulted in the matter if agreed

Returned with compliments

I agree with the Engineer Officer in his opinion that the plot marked as Park and numbered 8 in the lay-out plan, measuring about 12¾ acres is more central and suitable than the plot No 6, which was originally ear-marked for the construction of a primary school building as this plot is spacious enough to provide play grounds for the children as also for constructing a Middle School building later on if need be, half of it may be kindly ordered to be reserved for Educational purposes, the other half being utilised for a Park -

14 This subject was considered by the Board at its meeting held on the 23rd February 1946 It was explained to the members that the area to the north of the Burial ground excluding site No 6 had been granted to the Bangalore Transport Co and a Madras Firm for the construction of their places of business and that site No 8 which was centrally situated was a much more suitable place for the construction of the School building for the Wilson Garden Extension Finally the Board decided to recommend to Government the grant of one acre of land out of Site No.8 to the Education Department for this purpose The Resolution runs as follows - 9/3

> "Resolved that one acre of land out of Plot No 8 in the plan, be given to the Education Department for the construction of the Primary School Building and that the place selected should be at one end of the plot"

Orders may be passed accordingly

15 Sahib the resolution of the Bd is for orders the D P O is also of the same opinion

13/3 In pursuance of the note supra the D. P O has expressed his opinion that the plot is no doubt be more suitable for the Construction of the Primary School including therein the one reserved thereof

~~Att~~ Pl no 6 (see memo
lettered T) The Trust Board has
also agreed to the same effect
Hence the resolution of the Trust Board
7630/1412 to reserve one acre of land out of
Plot no 8 on the plan (Pl T) for
the Construction of a primary school building
on the Nelson garden extension may
be approved reserved for 14/3/46

OFFICE OF The Engineer Officer, City Improvement Trust Board, Bangalore.

Date 25th July 1945

To

The Additional Secretary
to Government of Mysore,
Bangalore

Sir

I have the honour to intimate that the plot No 6 by the side of Double road in the Layout of Wilson Garden Extension has been earmarked for the construction of school and ~~noted~~ further that school can also be provided at 7 and 8 if required

The plot No 6 measuring about only 4,600 syds is situated by the side of the Double Road and adjacent to the Burial Ground The area to the North of this has been proposed to be given to the Bangalore Transport Company Apart from the inadequacy of the area for the location of the school and playgrounds, the busy road on one side, the noisy Transport vehicles on the other side and the adjacent burial ground disqualify the plot as not qui congenial for the construction of a school building Site N which is triangular in shape, is better suited as lung space

The grounds marked as Park and noted 8 on the plan measure about 12¾ acres and are situated centrally amidst the dwellings are considered to be not only suitable for the construction of the Primary School as proposed at present, but they are spacious enough to provide playgrounds for children, Park as well as the extensions of the present school and location of a Middle school later on are also possible

I recommend therefore that the Primary school may be

permitted to be constructed in the plot No 8 instead of in t
plot No 6 I request that Government sanction may kindly b
obtained and communicated in the matter

A plan showing the position of site accompanies

I have the honour to be,
Sir,
Your most obedient servant
